OIL SPIKE AFTER WEST ASIA WAR YET TO WEIGH ON INDEX

# Feb wholesale inflation hits 11-month high of 2.13%

KULDEEP SINGH  
New Delhi, March 16

INDIA'S WHOLESALE PRICE inflation rose to an 11-month high of 2.13% year-on-year (y-o-y) in February (provisional), up from 1.81% in January, primarily due to increases in food prices along with prices in the manufacture of basic metals and other manufacturing, according to data released by the Ministry of Commerce and Industry on Monday.

However, the February inflation does not reflect the potential impact of the West Asia conflict, which pushed oil prices higher. That effect is expected to appear in the March print, as economists anticipate a significant rise in wholesale inflation. Fuel and power inflation remained in negative territory in February at -3.78%, though this improved from -4.01% in January. Devendra Pant, Chief Economist at India Ratings, expects wholesale inflation to jump to 3.7% in March.

The Wholesale Price Index (WPI)-based inflation has been on an upward trend for the last four months. It increased from -1.02% in October to -0.13% in November, turned positive at 0.96% in December, and accelerated further to 1.81% in January. For context, WPI inflation was 2.45% in February 2025.

On the primary articles side (weight 22.62%), inflation rose to 3.27%. Food articles inflation accelerated further to 2.19% in February after returning to positive territory

in January following nine consecutive months of deflation. This was driven mainly by fruits, vegetables, and the meat and eggs segments. Vegetable inflation declined to 4.73% y-o-y from 6.78% in January, while fruit inflation stood at 3.57% in February. Economists noted that food inflation firmed up as the favourable base effect waned.

The WPI Food Index (weight 24.38%), comprising food articles from the primary group and food products from manufactured products, saw its inflation rate rise to 1.85% in February.

Non-food articles inflation accelerated further to 3.80% in February, after a sharp spike to 7.58% in January from 2.95% in December.

Manufactured products (weight 64.23%) recorded a 2.92% inflation rate, up from

2.86% in January. The manufactured products index rose by 0.47% (month-on-month) to 148.2 (provisional) in February from 147.5 in January. Basic metals inflation was 4.35% in February, down from 5.98% y-o-y in January, while textiles inflation rose further to 3.29% from 2.48% in December.

Retail inflation, measured by the Consumer Price Index (CPI), rose to 3.21% in February—the second print under the revised CPI series with base year 2024—according to data released by the National Statistics Office on Thursday. This uptick was driven by higher food prices and precious metals such as gold and silver jewellery.

Rajani Sinha, Chief Economist at CareEdge Ratings, said the overall rise in WPI inflation was partly offset by continued

deflation in the fuel and power category. She added that elevated energy prices are likely to exert upward pressure on WPI inflation as input costs rise.

"The impact of elevated energy prices is expected to be more pronounced on WPI compared with CPI, given the higher weight of petroleum, natural gas, and mineral oil in the WPI basket (10.4%) relative to the CPI basket (4.8%)," Sinha said.

Madan Sabnavis, Chief Economist at Bank of Baroda, said the WPI inflation number may not matter directly for policy formulation but would reflect the impact of crude at \$100/barrel in a more effective manner than the CPI. "The impact on manufactured products would be important as this will be the basis for transmission of higher cost to products which enter the CPI," he said.

## First round of India-Canada FTA talks in April-May

FE BUREAU  
New Delhi, March 16

INDIA AND CANADA will hold the first round of negotiations on their Comprehensive Economic Partnership Agreement (CEPA) in April or May. Currently, both sides are engaged virtually to lay the groundwork, Commerce Secretary Rajesh Agrawal said.

India and Canada signed Terms of Reference (ToR) for their FTA on March 2 and aim to conclude negotiations by the end of this year.

Through CEPA both sides aim to double their bilateral trade to \$50 billion by 2030. It is the third attempt by both sides for an FTA. Negotiations on CEPA with Canada first started in 2010 but made little progress. The negotiations relaunched in March 2022 before being abandoned in August-September of 2023 due to political differences.

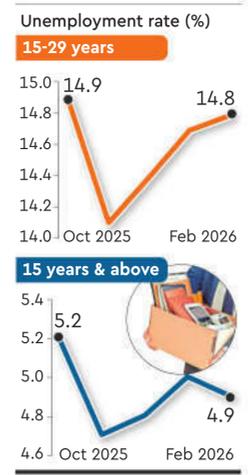

Agrawal said the next meeting for the review of Asean-India Trade in Goods Agreement (AITIGA) would be held on March 30-31. It will be the 12th meeting of the Joint Committee that is spearheading the review process. Last year both sides set a deadline of 2025-end to complete the review but that was missed. The review of AITIGA was agreed to in 2020 but the process actually began with the formation of the Joint Committee in 2022.

The process of ratification of the India-UK Comprehensive Economic and Trade Agreement (CETA) and Comprehensive Economic Partnership Agreement (CEPA) is in progress.

# Youth joblessness rises to 4-mth high of 14.8% in Feb

KULDEEP SINGH  
New Delhi, March 16

CLIMBING TREND

THE UNEMPLOYMENT RATE (UR) among persons aged 15-29 years rose to a four-month high of 14.8% in February, underscoring fewer job opportunities for the country's youth, according to the Periodic Labour Force Survey (PLFS) released by the Ministry of Statistics and Programme Implementation on Monday. The unemployment rate among young women (15-29 years) in rural areas reached 14.6%, the highest so far in the current financial year.

In the 15-29 age group, joblessness also hit a four-month high in rural areas, at 13.1% in February. In urban areas, it declined to 18.3% from 18.6% in January. Overall, female unemployment in the 15-29 age group stood at 17.6% in February, while male unemployment inched up to 13.7% from 13.6% in January.

The unemployment rate among persons aged 15 years and above, as per the Current Weekly Status (CWS) approach, eased marginally to 4.9% in February after reaching a three-month high of 5% in January.

The unemployment rate among urban women (15 years

and above) declined to a seven-month low of 8.7% in February. In this age group, the rural unemployment rate remained unchanged at 4.2%. Urban unemployment fell notably to 6.6% in February from 7% in January. Overall female unemployment (15+) reduced to 5.1% from 5.6% a month earlier, while male unemployment remained steady at 4.8%.

Youth unemployment remains relatively high because job creation has not kept pace with the growing number of educated young entrants into the labour market, said Rahul Singh, Associate Professor at O.P. Jindal Global University. He noted that the marginal decline in unemployment among those aged 15 years and above appeared to be driven primarily by stronger hiring in urban services, some pickup in construction and informal sector activities, and rising female labour force participation.

According to the ministry, estimates under the CWS approach provide an average picture of unemployment over a short reference period of seven days. A person is considered unemployed in a week if they did not work even for an hour on any day during the reference week but sought or were available for work for at least one hour on any day during that week. The Labour Force Participation Rate (LFPR) defined as the percentage of the population in labour force, remained stable at 55.9% in February. Rural LFPR stayed at 58.7% (unchanged from January), while urban LFPR rose slightly to 50.4% from 50.3%.

# Revamped Stand-Up India scheme soon: Sitharaman

PRESS TRUST OF INDIA  
New Delhi, March 16

THE GOVERNMENT WILL soon come out with a modified Stand-Up India scheme to provide better benefits to SC/ST and women entrepreneurs looking to set up new projects, Finance Minister Nirmala Sitharaman said on Monday. Launched in 2016, the Stand-Up India scheme aimed to empower Scheduled Castes (SC), Scheduled Tribes (ST), and women

entrepreneurs by facilitating bank loans for setting up new enterprises. The scheme expired on March 31, 2025.

Replying to a supplementary question in the Lok Sabha, the Minister said the modified scheme will incorporate lessons learnt in implementation of the original Stand-Up India scheme.

"With studies done by Niti Aayog and others, this scheme is being redrafted and sooner the Cabinet will be given a proposal with which we will launch a new

scheme to continue with this Stand-Up which benefited SC/ST and women all over the country," Sitharaman said.

The scheme provided loans between ₹10 lakh and ₹1 crore at the lowest applicable rate of the bank for that category, with a repayment period of 7 years with a maximum moratorium of up to 18 months.

The FM also said there are several other loan options available to businesses via PM Mudra scheme or SIDBI financing.

# Top 10 wilful defaulters owe ₹40,635 crore to banks: FM

PRESS TRUST OF INDIA  
New Delhi, March 16

TOP 10 WILFUL defaulters including ABG Shipyard, Gitanjali Gems, and Housing Development and Infrastructure owe ₹40,635 crore to banks as of March 31, 2025, Parliament was informed on Monday.

ABG Shipyard tops the list with ₹6,695 crore due to banks followed by Gitanjali Gems ₹6,236 crore, Beta Naphthol ₹5,268 crore and Rakesh Kumar Kuldipsingh Wadhawan ₹4,291 crore, Finance Minister Nirmala Sitharaman said in a written reply to the Lok Sabha.

Besides, erstwhile directors of Bhushan Power & Steel owe ₹3,810 crore, Raza Textiles ₹3,260 crore, Gilt Pack ₹3,080 crore, Rank Industries ₹2,655 crore and Housing Development and Infrastructure ₹2,540 crore to banks. She further said, Reserve Bank of India (RBI), vide Master Directions on Treatment of wilful defaulters and large defaulters, has advised lenders to submit the list of wilful defaulters to all Credit Information Companies (CICs) on a monthly basis, and CICs are required to display the same on their respective websites.

As per inputs received from RBI, she said, a bank may undertake compromise settlements in respect of accounts categorised as wilful defaulters without prejudice to the criminal proceeding underway against such borrowers.

The primary regulatory objective behind allowing wilful defaulters to enter into compromise settlement is to enable multiple avenues to lenders to recover the money in default without much delay, she said.

Further, she said, the imperatives for lenders are no different when it comes to recovery from borrowers classified as wilful defaulter.

New Delhi, March 16

**CLIMBING TREND**

**THE UNEMPLOYMENT RATE (UR)** among persons aged 15-29 years rose to a four-month high of 14.8% in February, underscoring fewer job opportunities for the country's youth, according to the Periodic Labour Force Survey (PLFS) released by the Ministry of Statistics and Programme Implementation on Monday. The unemployment rate among young women (15-29 years) in rural areas reached 14.6%, the highest so far in the current financial year.

In the 15-29 age group, joblessness also hit a four-month high in rural areas, at 13.1% in February. In urban areas, it declined to 18.3% from 18.6% in January. Overall, female unemployment in the 15-29 age group stood at 17.6% in February, while male unemployment inched up to 13.7% from 13.6% in January.

The unemployment rate among persons aged 15 years and above, as per the Current Weekly Status (CWS) approach, eased marginally to 4.9% in February after reaching a three-month high of 5% in January.

The unemployment rate among urban women (15 years

and above) declined to a seven-month low of 8.7% in February. In this age group, the rural unemployment rate remained unchanged at 4.2%. Urban unemployment fell notably to 6.6% in February from 7% in January. Overall female unemployment (15+) reduced to 5.1% from 5.6% a month earlier, while male unemployment remained steady at 4.8%.

Youth unemployment remains relatively high because job creation has not kept pace with the growing number of educated young entrants into the labour market, said Rahul Singh, Associate Professor at O.P. Jindal Global University. He noted that the marginal decline in unemployment among those aged 15 years and above appear to be driven primarily by stronger hiring in urban services, some pickup in construction and informal sector activities, and rising female labour force participation.

According to the ministry, estimates under the CWS approach provide an average picture of unemployment over a short reference period of seven days. A person is considered unemployed in a week if they did not work even for an hour on any day during the reference week but sought or were available for work for at least one hour on any day during that week. The Labour Force Participation Rate (LFPR) defined as the percentage of the population in labour force, remained stable at 55.9% in February. Rural LFPR stayed at 58.7% (unchanged from January), while urban LFPR rose slightly to 50.4% from 50.3%.

# Revamped Stand-Up India scheme soon: Sitharaman

PRESS TRUST OF INDIA  
New Delhi, March 16

**THE GOVERNMENT WILL** soon come out with a modified Stand-Up India scheme to provide better benefits to SC/ST and women entrepreneurs looking to set up new projects, Finance Minister Nirmala Sitharaman said on Monday. Launched in 2016, the Stand-Up India scheme aimed to empower Scheduled Castes (SC), Scheduled Tribes (ST), and women

entrepreneurs by facilitating bank loans for setting up new enterprises. The scheme expired on March 31, 2025.

Replying to a supplementary question in the Lok Sabha, the Minister said the modified scheme will incorporate lessons learnt in implementation of the original Stand-Up India scheme.

"With studies done by Niti Aayog and others, this scheme is being redrafted and sooner the Cabinet will be given a proposal with which we will launch a new

scheme to continue with this Stand-Up which benefitted SC/ST and women all over the country," Sitharaman said.

The scheme provided loans between ₹10 lakh and ₹1 crore at the lowest applicable rate of the bank for that category, with a repayment period of 7 years with a maximum moratorium of up to 18 months.

The FM also said there are several other loan options available to businesses via PM Mudra scheme or SIDBI financing.

# Top 10 wilful defaulters owe ₹40,635 crore to banks: FM

PRESS TRUST OF INDIA  
New Delhi, March 16

**TOP 10 WILFUL** defaulters including ABG Shipyard, Gitanjali Gems, and Housing Development and Infrastructure owe ₹40,635 crore to banks as of March 31, 2025, Parliament was informed on Monday.

ABG Shipyard tops the list with ₹6,695 crore due to banks followed by Gitanjali Gems ₹6,236 crore, Beta Naphthol ₹5,268 crore and Rakesh Kumar Kuldipsingh Wadhawan ₹4,291 crore, Finance Minister Nirmala Sitharaman said in a written reply to the Lok Sabha.

Besides, erstwhile directors of Bhushan Power & Steel owe ₹3,810 crore, Raza Textiles ₹3,260 crore, Gil Pack ₹3,080 crore, Rank Industries ₹2,655 crore and Housing Development and Infrastructure ₹2,540 crore to banks. She further said, Reserve Bank of India (RBI), vide Master Directions on Treatment of wilful defaulters and large defaulters, has advised lenders to submit the list of wilful defaulters to all Credit Information Companies (CICs) on a monthly basis, and CICs are required to display the same on their respective websites.

As per inputs received from RBI, she said, a bank may undertake compromise settlements in respect of accounts categorised as wilful defaulters without prejudice to the criminal proceeding underway against such borrowers.

The primary regulatory objective behind allowing wilful defaulters to enter into compromise settlement is to enable multiple avenues to lenders to recover the money in default without much delay, she said.

Further, she said, the imperatives for lenders are no different when it comes to recovery from borrowers classified as wilful defaulter.
